

LED LAMP

SPECIFICATIONS

Ideal For

Track Lighting

Highlight a beautiful painting or sculpture or accent an area with Feit Electric high-CRI Reflector light bulbs. LED technology provides the same brilliance as equivalent incandescent lights while using considerably less energy. A 90+ CRI rating makes colors more vibrant, skin tones look more natural, all while saving energy and lasting for a decade or more.

Benefits

- 90+ high CRI color rendering light bulbs allow colors to appear more realistic and vibrant
- Customize light for ceiling height, to accent decor or for even light distribution.
- Twist to adjust light intensity and spread.
- Long life bulbs are rated to provide up to 25,000 hours of reliable light
- Light can be dimmable to adjust brightness level
- Latest energy efficient LED technology saves energy and money compared with the equivalent incandescent light over the life of the bulb
