

LED LAMP

SPECIFICATIONS

Ideal For

Outdoor Lighting

Built-in light sensor this bulb automatically turns on at night and off during the day. Perfect for outdoor light fixtures or any location you want a care-free way to keep well-lit at night. Conserve energy and save money with the latest LED technology and only use electricity when needed.

Benefits

- Adjustable, built-in photocell light detection sensor automatically keeps locations well lit at night
- An easy way to upgrade your existing outdoor lighting fixtures.
- Installs and works just like a regular light bulb.
- Latest LED technology saves energy and lasts up to 13 years or up to 15,000 hours.
- The highest quality light and most energy efficient bulbs compliant with new California Energy Commission requirements
- 90+ high CRI color rendering light bulbs allow colors to appear more realistic and vibrant
