

LED FIXTURE

SPECIFICATIONS

Convert your home to advanced LED energy-saving technology with the LEDR4XT/ADJ/6WYCA color-selectable 4-inch canless tethered recessed downlight from Feit Electric. This light features an tethered J-Box and built-in trim for installation directly into finished ceilings without recessed cans. An innovative swivel gimbal mechanism allows directional focus to accent artwork, furniture or areas of the home. LED technology outputs 700 lumens of light while using only 11 watts - up to 78% less than an equivalent 50-watt incandescent. Preset your preferred color temperature on the fixture or adjust after install with a toggle of a standard wall switch: get warm, cool or daylight color light with just a flip. A 90+ CRI light makes colors vibrant and skin tones look more natural, all while saving energy and lasting for a decade or more.

4 in. Color Selectable Tethered J-Box Adjustable Angle Recessed LED Downlight

LEDR4XT/ADJ/6WYCA

Features

- Converts conventional recessed lighting to energy saving LED technology
- Integrated tethered J-box eliminates the need for recessed can housing
