

LED FIXTURE

SPECIFICATIONS

Convert your old recessed downlights to advanced LED energy-saving technology with the LEDR4XT/HO/NL/5CCTCA color-selectable 4-inch canless recessed downlight from Feit Electric. This innovative recessed downlight features five selectable color temperatures and a 2200K warm color night light option. Each downlight comes with a tethered J-Box and built-in trim for installation directly into finished ceilings without recessed cans. A dimmable LED design produces 850 lumens using only 14 watts - up to 81% less energy than an equivalent 75-watt incandescent. Preset your preferred color temperature using the toggle on the fixture, and go from regular lighting to night mode with just a flip of a standard light switch. A 90+ CRI light makes colors vibrant and skin tones look more natural, all while saving energy and lasting for a decade or more.

4 in. Tethered J-Box Color Selectable LED Downlight With Night Light Mode

LEDR4XT/HO/NL/5CCTCA

Features

- Converts conventional recessed lighting to energy saving LED technology
- Integrated tethered J-box eliminates the need for recessed can housing
- Preset color temperature or adjust after install: choose from 5 color temperatures or flip to a warm night light mode
- 90+ high CRI makes colors more realistic and vibrant
- 5 Year Warranty
