

LED FIXTURE

SPECIFICATIONS

Convert your home to advanced LED energy-saving technology with this color-selectable 6-inch canless recessed downlight from Feit Electric. Innovative technology allows you to choose from five color temperatures, and change at any time with the flip of a light switch. Each downlight comes with a tethered J-Box and built-in trim for installation directly into finished ceilings without recessed cans. A dimmable LED design produces 850 lumens using only 13 watts - up to 80% less energy than an equivalent 65-watt incandescent. A 90+ CRI light makes colors vibrant and skin tones look more natural, all while saving energy and lasting for a decade or more.

6 in. Tethered J-Box Color Selectable LED Downlight

LEDR6XT/6WYCA

Features

- Converts conventional recessed lighting to energy saving LED technology
- Integrated tethered J-box eliminates the need for recessed can housing
- Preset color temperature or adjust after install: choose from 5 color temperatures or flip to a warm night light mode
- 90+ high CRI makes colors more realistic and vibrant
- Ideal for Recessed Lighting
- Highest Quality Energy Efficient Light Compliant with California Energy Commission Standards Title 20
