

LED LAMP

SPECIFICATIONS

Feit Electric's 13-watt Equivalent Direct Replacement (Type A) Non-dimmable Linear LED Tubes replace F13T5 or T5 fluorescent tubes. They work with most existing ballasts for quick and easy installation. They produce 900-lumen light, while using less energy than fluorescent lights. These warm 3000K Bright White lights create a welcoming feeling for both residential and commercial spaces. Use them in bedrooms, living rooms, restaurants, hotel lobbies, or environments you want to feel comfortable and relaxed. These lights offer instant-on, flicker-free full illumination with no warmup time. They are mercury-free and shatter-resistant for safe and easy disposal. Each high-quality bulb offers accurate color-rendering, for more vibrant, true-to-life colors. Switch to T521/830/LED Type A LED linear lights for your space and get up to 35,000 hours of superior light. That's 31.9 years with 3 hours of daily use. The estimated energy cost is only \$1.45 per year.

Ideal For

General Purpose and Task Lighting

Benefits

- Works with most electronic ballasts, no rewiring is required
- Shatter-resistant and mercury-free, no special disposal is required
- Flicker-free, instant ON illumination at full brightness
- 3000K Bright White, superior light quality with accurate color rendering (CRI: 80)
- LED technology offers more lumens per watt, saving energy over fluorescents
